

International Finishing Trades Institute (iFTI)

FTI 1116C HAZWOPER TTT Instructor (CERTIFICATION)

Course Information

Course Hours: 40

Course Description: Students will be trained in recognizing and researching hazards, including the nature and causes of occupational diseases, relating OSHA standards to unsafe conditions; protecting workers' rights; and using involvement techniques for safety purposes (Certification Period: Permanent).

HAZWOPER training course provides 40 hours of training that covers the OSHA Hazardous Waste Operations and Emergency Response (HAZWOPER) standards, for compliance with OSHA 29 CFR 1910.120(e) and 29 CFR 1926.65(e) regulations. The purpose of the course is to prepare workers involved in cleanup and emergency response operations to work safely in situations involving hazardous substances. The training includes policies, practices, and procedures that help reduce the risk of injury and illness due to harmful exposure on the job.

Course Objectives:

- Identify which government agencies are responsible for aspects of safety, health, and environmental protection.
- Discuss your health and safety rights on the job and safety responsibilities.
- Recognize hazards, health effect, and property of chemicals.
- Identify correct Personal Protective Equipment (PPE).
- Discuss work practices and site control.
- Demonstrate proper decontamination of your personal protective equipment, yourself, your tools and equipment to protect yourself, your family, and your community.
- Explain the layout of a decontamination line.
- Explain OSHA's requirements for a written, site-specific emergency response plan.
- Identify the important parts of an emergency response plan.
- Explain the need for the Incident Command System (ICS).
