

International Finishing Trades Institute (iFTI)

FTI 7605 P3TEC Preferred Technician

Course Information

Course Hours: 16

Course Description: The P3TEC 16-hour Preferred Technician course has been built through the collective efforts of the IUPAT and P3TEC to help create new job opportunities for our members and to mitigate installation failures for the manufacturer. It is designed to be a worker upgrade that demonstrates proper prep and installation techniques for this high-impact material.

Course Objectives:

- Provide an assessment, that through written and practical exercises, will ensure that the knowledge, skills, and abilities of our experienced Wallcovering (Technician) Installer meets or exceeds the industry standard.
- Mitigate preparation and installation issues before, during and post application.
