

Using a Mobile Device or Tablet to Take Online Training Courses

ClickSafety online training courses run using Adobe Flash and need a web browser that supports Adobe Flash Player. Customers have the best experience when using the Mobile/Tablet Web Browser PUFFIN. Puffin Browser is available FREE for both Apple iPad/iPhone and Android mobile and tablet devices.

**** Puffin Limitations***

- The data centers of Puffin Web Browser are in the US and the cloud servers can only access public web sites from US geo-locations.
- For users outside the US, local content, especially videos of local interest, may not be accessible from the US due to geo-restrictions in your home country.
- Puffin Free is an ad-sponsored app. You may purchase Puffin Plus, the ad-free version, from Apple AppStore or Android Play.
- Due to the Internet censorship, Puffin Web Browser is blocked in China and Saudi Arabia.
