

THIRD PARTY COURSE LIST

The trustees of iFTI and Finishing First/LMCI LMP took action to provide assistance to our affiliates who are also struggling during these times. After reviewing the finances, programs and operational plans, the trustees voted unanimously to cover the costs of Third Party distance learning courses in our Learning Management system (LMS) through October 1, 2021.

The **Red Vector bundle** is no longer offered and have been locked since December 1, 2020. The courses have been removed from this spreadsheet, Programs of Study, and in the LMS automatic enrollments.

Third party courses are closed for self-enrollment and have to be assigned by your DC LMS admin through the My Learning Path or user/group enrollments.

SINGLE COURSES
